## Your Priorities - What you told us

Anti-Social Behaviour

Underage Drinking

Dog Fouling

Littering

## Your Priorities - What we did

### Bowness North:

There has been a lot done by the Community team at Windermere Police Station in the area to reduce things like Dog-fouling, where targeted patrols take place in the early mornings, and youth Anti-Social Behaviour. We worked last year with several partner agencies on various projects to help channel some of our youths into more worthwhile pastimes. These included football tournaments and training, Army days and other days out to various events. These have been shown to improve the connections between the youths and the Police and a subsequent fall in Anti-Social Behaviour overall. These projects will

### CRIMEMAPPING:

Crimemapping is a system of looking at the previous 3 months level of various crimes in comparison to the same period the year before:

The Policing Pledge is something that we the Cumbria Constabulary take very seriously as to the commitment we provide the public. It can be viewed beside this poster and one of its promises is to keep you informed regards Neighbourhood Policing. So the latest figures for this region are: There is very good news in that have been no incidents of Burglary or Robbery recorded in the last 3 months. Vehicle crime and Violent crime have both fallen and Anti-Social Behaviour has

continue this year and start with a First Gear Programme at the Phoenix Centre, where we will be working with Young Cumbria to target individuals from the local area who are engaged in risk taking behaviour. This will look at when they eventually become involved in driving.

come down considerably, showing a 37.9% drop. However, we are not complacent about these figures and with your help work to improve them. If you have any info that you feel may help us catch or stop criminals please call the CrimeStoppers number above.

## Your Priorities - What we did

### Bowness South:

As seen by the above the Community team of Windermere Police Station is engaged in an on-going series of projects to reduce crime in your neighbourhood. We try to encourage youths to take part in more constructive or participating activities such as listed above and the youth disco which is usually held at the Wheelhouse in Bowness towards the end of term. This has proven a success with well over 100 young people turning up for the evening and a good time had by all. Littering and in particular dog-fouling continue to be a problem though. We are able to ticket offenders for either of these offenders with fines of £75. Anti dog-fouling patrols, with our partners in the SLDC occur on a regular basis, usually in the early morning when the problem is most acute.

## Crime In Your Area - Follow Up

### CRIMEMAPPING:

Crimemapping is a system of looking at the previous 3 months level of various crimes in comparison to the same period the year before:

The news for Bowness South is a little mixed, but in general shows a good improvement. Though Burglary has shown a very small rise and Robberies still non-existent, both Vehicle and Violent crime have both fallen in comparison to the same period last year, while Anti-Social Behaviour, like Bowness North, has shown a considerable decrease, this area falling a remarkable 48.9%. However, we in the Police refuse to become complacent with these figures and always urge that you contact us if you see anything suspicious, whether person or vehicle, to allow us the earliest opportunity to nip any potential crime in the bud.
