Your Priorities - What you told us

After completing a residents survey Anti Social Behaviour came out as your number one priority.

Your Priorities - What we did

Windermere Town:

Anti Social Behaviour is the number one community concern, it is a priority issue for the Community Team. We are working with partners including Connexions, Young Cumbria and CADAS to address the issue. We have held a range of positive activities for young people. Notable examples include a Football tournament which attracted over 40 participants. Training sessions take place every week at South Lakes Leisure Centre in Kendal. The Wheelhouse Club hosted a Halloween Disco for young people, which was well attended and received very positive feedback from all involved.

We are working to encourage Neighbourhood Watch Schemes in the area and are keen to support groups who would like to establish their own Watch. Please contact the community team for any further information or advice.

In line with the Policing Pledge we strive to provide the best possible service to all members of the community and welcome any suggestions as to how we can improve.

Crime In Your Area - Follow Up

CRIMEMAPPING:

Crimemapping is a system of looking at the previous 3 months level of various crimes in comparison to the same period the year before:

Our Policing Pledge, which is displayed alongside these posters, includes a commitment to supply you with information about Neighbourhood Policing.

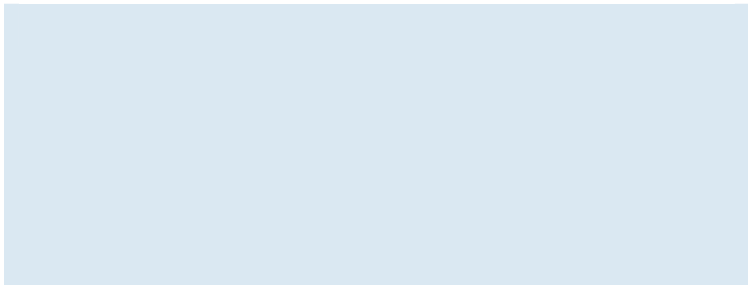

We are pleased to report that overall the crime figures have seen a decrease in the area.

Continuing engagement with local young people is proving to be successful in generating respect for the community and the results can be recognised in a further reduction Anti Social Behaviour reports.

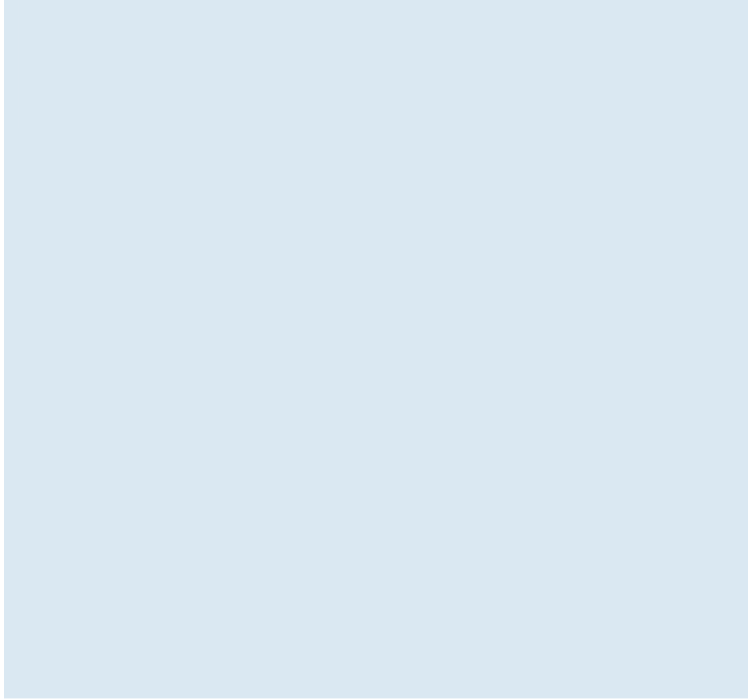

There are further reductions in burglaries and incidents of vehicle crime and to maintain this reduction we would ask that you ensure that property is secured and any valuables are hidden from view. If you would like any advice regarding crime prevention please contact a member of the community team.
