Your Priorities - What you told us

After completing a KIN survey Anti Social Behaviour came out as our number one priority

Your Priorities - What we did

Windermere Town:

Pc Hunter and PCSO Blacow have continued to work hard to reduce Anti-Social Behaviour in the area. Mainly this has involved work with partner agencies, especially with Young Cumbria to involve the youth in the area in diversionary activities. These include a football club run by Young Cumbria themselves and other projects such as Army Days and the like. The Youth Disco at the Wheelhouse returns after the recent school break with one on the 30th October. Also, just a reminder, that in conjunction with Connexions we will be holding a "coffee morning" in the afternoon at the Marchesi Centre, in Windermere on Sept 29th from 1 till 3. Anyone is welcome to come along. We will have our local Crime Prevention Officer present to give a talk and answer any questions. Also some pupils from Lakes school will be coming as well to encourage interaction between the generations. We are also seeking to expand on the Neighbourhood Watch Schemes too so anyone interested please contact us on the above lakesNPT email address or us

Crime In Your Area - Follow Up

CRIMEMAPPING:

Crimemapping is a system of looking at the previous 3 months level of various crimes in comparison to the same period the year before:

In comparison to last year the recent crime figures are in the main encouraging. There has only been one burglary registered in the last 3 months, but not being complacent we would ask that people ensure that they secure their property before they leave it. Violent Crime has not shown any change from the previous year, with on average 2 incidents a month; whilst Vehicle Crime has shown a decrease in its levels from last year as no instances reported in the last 3 months. Anti Social Behaviour again has dropped, mainly due to youth engagement work in the community by the Community team and our partner agencies.
